

PS Team #	10		
	<i>list materials in this column</i>		<i>list actions in this column</i>
What materials are readily available for conducting experiments on plants ?		How do plants act?	
	Pots		Grow
	Water		Reproduce seeds
	Seeds		Photosynthesize
	PVC		Acquire nutrients
	Light		Die
	Seed tray		Grow from seeds
	aquarium		Decompose
	electricity generator		Follow the sun
	test tubes		generate oxygen
	breadboards		
	windows		
	sun		
	sound equipment		
	soil types		
	fertilizer		
	LED		
	Liquids		
	Petri dishes		
	Shelves		
	distilled water		
	Refrigerator
