

The American Society of Agronomy, Crop Science Society of America and Soil Science Society of America invite members to

JOIN THE 2021-2022

planting science

MASTER PLANT
SCIENCE TEAM

The Master Plant Science Team provides compensation for a cohort of 5 graduate students and postdocs who make a substantial contribution as an online scientist mentor.

Master Plant Science Team Members receive

- Free membership to your choice of ASA, CSSA OR SSSA for the year commitment
- PlantingScience T-shirt

Be More Than a Mentor!

Team involvement Requirements:

- Participate in online mentorship training
- Provide extra support and facilitate communication for one classroom teacher and his or her teams
- Mentor 2-3 student teams via the web during BOTH fall and spring sessions (each session lasts ~2 months)
- Post to student web pages ~3 times per week

One year as a member of the Master Plant Science Team has the potential to positively affect the rest of your professional life and inspire lifelong appreciation for plant science in young learners.

Being part of the Master Plant Science Team was a great entry point for me to start mentoring an age group I don't normally interact with. Their curiosity and engagement with their experiments was fantastic to see, and it was also a good chance for me to practice communicating my research in a broadly accessible way.

-Former MPST Member, Greta Rockstad

Apply at [HTTPS://PLANTINGSCIENCE.ORG/JOINMPST](https://plantingscience.org/joinmpst)

Please apply by August 16, 2021. For details or to apply: psteam@plantingscience.org.

*Previous membership in sponsoring societies is required.
Please pass this information on to others who might be interested.*
