

Online Creative Project Tools

Possible websites that students could use to create a culminating project:

Create Your Own Comic Strip: <http://www.makebeliefscomix.com/>

Australian Centre for the Moving Image- Storyboard Generator:
<http://generator.acmi.net.au/storyboard>

Group Writing Tool (Includes the opportunity for students to anonymously review their peers' work and vote on the best submissions): <http://www.boomwriter.com/>

Talking Avatar/Presentation Creator: <http://www.voki.com/site/create>

Interesting idea- "[AppSmashing](#)"- the process of combining multiple apps to create new multimedia content. Related articles:
